

Flossin' Season

Juvenile

Man what's up playboy?
I know you love these diamonds
Nigga, how you luv that?
All that stuntin' and frontin'
It's all about them diamonds boy Nigga it's a pretty day and it's flossin' season
Added six tires to my new machinery
Double R like to ball like it's no tomorrow
Pretty broads and we fuckin' these superstars
Chrome rims, niggaz ridin' new Benz
TV's, Cadillacs with the new fends
Wet paint, niggaz takin' trips to the banks
Hittin' malls spendin' twenty G's like stars
Rolex, Play Stations in the Hummer
Just to show these stupid hoes that we worth somethin' My stuntin' name Evel Knievel, keep it real
Let me pop a wheelie, hoes love stuntin' 'cause I got love
Gold slugs, stuntin' 'cause we got love
Motorbike button rims 'cause we livin' right
Game tight take a tramp make her out a champ
Overnight got the yole if your money right
Solid TV's Play Station with the B.G
It's all gravy playboy 'cause it's flossin' season
A million dollars ain't nothing to me nigga
But a million hoes is game to me playboy Nahh nahh flossers, let me see you rollin' your rims
Ballers, helicopters, bikes and bourbans
It's on us, C-M-R are millionaires
Let 'em know it's flossin' season everywhere
We flossers, let me see you rollin' your rims
Ballers, helicopters, bikes and bourbans
It's on us, C-M-R are millionaires
Let 'em know it's flossin' season everywhere I got to get my shine on, do it every time
Seventeens on up, that's all I ride
In ninety-eight, I been havin' them hoes throwin' up
They don't know if I'm in a helicopter or in a truck
I fuck they head up 'cause I floss so much
Police had me up 'cause a nigga so young
But you know me nigga, that ain't gon' stop B.G nigga
'Cause the next day you will see nigga Me in somethin' else with a TV nigga
Fuck it, I'ma floss like that I got scrilla
Come try to take it, you're fuckin' with a guerrilla

I got a watch you can see from a block away
I got a chain you'll see that'll shock the day
My click do what we say, we don't stunt wit it
Off top Big Tymers gon' come with it
We layin' it down this month 'cause we got a reason
