

# **Snap Shot (2006 Remastered LP Version)**

## **Slave**

Ow, mmm, mmm, mmm  
Click-click-click-click Make your body stop  
Strike a love that's so deep  
Make your body stop Turn your head this way, baby, I'm focused in on you  
And your sexy smile  
Turn a little, babe, left, blend into the light  
I'd like to do you perfectly right And I want to snap, out, you, strike a love that's so deep  
And I want to snap, out, you, 'Cause I like to move thee Click on over here, baby, the color of your face  
Expose your beauty and grace Ow, out, you, strike a love that's so deep  
Said I want to snap, out, you, yeah, hey, 'cause I like to move thee Come a little closer, got the total view  
Like to get and show to you  
Your jeans they fit so tight, the camera takes all of you  
In my darkroom turn out the light Said I want to snap, out, you, 'cause I like to move thee  
And I want to snap, out, you, strike a love that's so deep Mmm, the upper persuasion from the lower  
invasion Ow, out  
Whoa, oh, oh, oh, oh  
Said I want to snap out, out, you, strike a love that's so deep Gonna use my telephoto, zoom it in on you  
I look so serious too, uh-huh  
I gotta have your picture 'cause I'm stuck on you  
A shot of you, you sexy thing And I want to snap, out, you, baby, strike a love that's so deep  
And I want to snap, out, you, I do, oh, oh, oh, yi-yi, 'cause I like to move thee I'm focused, baby, out, I'm so  
high thinking about having  
That shot of you, strike a love that's so deep, out, mmm, huh  
Upper persuasion from the lower invasion, out Ow, mmm, mmm, mmm Make your body stop  
Hey, babe, right there  
Okay, turn a little to the right  
Right there, strike a love that's so deep  
That's it, that's it, snap you  
Okay, now grab your hair and look real sexy now  
And give me a big one, give me a big pretty smile now  
'Cause I like to move thee  
That's close, a little more  
That's it, snap you  
Alright now, here's  
I want you to really get into this one  
I mean show that real beautiful emotional smile, out  
And get that body all the way like entwined with that good  
Thing, alright, strike a love that's so deep  
Come on, out, oh, snap you

Clap your hands, huh. 'cause I like to move thee

Alright

This one is for the cover of Life magazine

So we gonna get all the way tough on this one, right, out

Snap you again, strike a love that's so deep

That was a good stop, that stop was the bomb

In the pocket, in the pocket, out, you, strike a love that's

So deep

Mmm, the upper persuasion from the lower invasion
