

Turn On The Lights

Future

Im lookin for her
Im lookin for her
Im lookin for her
Im lookin for herIs that her in the VIP line
With a V turn and I serine
Used to drive a Nissan now she in a Beamer
I dont want her cuz she from the corner
And I heard that Beamer was a loner
Her old man, the owner
And I dont need to drink Coronas
What type of drink you wanna
On champagne forever
I'm dirty sprite forever
You can come sit with me
If youd like to change the weather
If you wanna live better
We can buy a crib, wherever
Dont get too thirsty, get used to this cheddar
I wanna tell the world about you just so they can get jealous
And if you see er fore I do tell er I wish that Ive met erTurn on the lights
Im lookin for her too
I heard she keep her promises, and never turn on you
I heard she aint gon cheat and she gon never make no move
I heard she be there anytime you need her, shell come through
Turn on the lights
Im lookin for her
Im lookin for her
Im lookin for her
Turn on the lights
Im lookin for her
Im lookin for her
Im lookin for her
Im lookin for herSend er my way
Tell her Ive been lookin for her in the broad day
Hangin with the dope boys in the hallways
And I know, to keep her, man, you gotta get that cake
Turn on the lights
Im lookin for her too
I heard she got a pretty face and stand up like a stallion

I heard that she a precious jewel, you treat her to medallions
I wanna be the one to find out if I go to prowlin
And if I get her number, you know i cant wait to dial it
And if we get together, girl, you know we gon be wildin
And when we get together we make magic and its ours
Whenever you will put it in, nobody can do about it Turn on the lights
Im lookin for er too
I know she keep her promises, and never turn on you
I heard she aint gon cheat and she gon never make no move
I heard she be there anytime you need her, shell come through
Turn on the lights
Im lookin for her
Im lookin for her
Im lookin for her
Turn on the lights
Im lookin for her
Im lookin for her
Im lookin for her
Im lookin for her She a hood girl
But she a good girl
She been missin
Now she ready for the world
I want your energy
To take control of me
Ive tried to go to sleep
And seen her in my dreams
Just in case I run across her today Imma stay clean
Just in case you recognize ha face, send her to me
And tell her Ive been lookin for her with a flashlight
You can tell a nigga nothin that because I got my cash right
And tell her if she honest and promise she stay true
But sure, when you tell her, tell er we go out past the moon Turn on the lights
Im lookin for her too
I know she keep her promises, and never turn on you
I heard she aint gon cheat and she gon never make no move
I heard she be there anytime you need her, shell come through
Turn on the lights
Im lookin for her
Im lookin for her
Im lookin for her
Turn on the lights
Im lookin for her
Im lookin for her
Im lookin for her
Im lookin for her Im lookin for her
