

# Let Me Be The One

## No Mercy

Give me a chance to let you know  
We can grow and we can love together  
Let me be the one  
Tell me what I have to do  
'Cause when I'm spending time with you  
I treasure  
Let me be the one  
All I have that I can give you  
Is true love forever  
The way I feel is far beyond  
Let me be the one  
To feel you, to kiss you  
Be with you  
Let me be the one to hold you  
To show you, I love you  
Let me be the one  
There's nothing more I want to do  
Than give and share my life with you forever  
Let me be the one  
To be with you until the end  
Reach for me  
And take my hand to heaven  
Let me be the one

All I have that I can give you  
Is true love forever  
The way I feel is far beyond  
Let me be the one  
To feel you, to kiss you  
Be with you  
Let me be the one to hold you  
To show you, I love you  
Let me be the one  
To feel you, to kiss you  
Be with you  
Let me be the one to hold you  
To show you, I love you  
Let me be the one  
To feel you, to kiss you

Be with you  
Let me be the one to hold you  
To show you, I love you  
Let me be the one  
To hold you, to show you  
Let me be the one
