Everythings Alright

Normie Rowe

10,000 hours to go
Before we're kicking it all night
Feels like my mind will explode
If we don't bust it out tonight, tonight, tonightWell, the daytime's gone now
Fuck that bullshit
Need to relax
Get my head straight
Put my face on
Shove my hair up
My ass is in gear and nowEverything's alright
Everything's alright
Everything's alright
Everything's alrightGrab all my shit and just go
I got no worries feeling fine
Pull up to this spot that I know
And now I finally feel aliveWell, the room's all full now
People crushing
Noise is hurting
Ears are humming
My back's sweating
I'm losing my mind
I'm losing my mind hardEverything's alright
Everything's alright
Everything's alright
Everything's alrightNow lights are swimming
Stomach's heaving
Bed is spinning
Crotch is itching
Hands are feeling
Legs are kicking
And now, now, nowEverything's alright
Everything's alright
Everything's alright
Everything's alright
Well, c'mon
