

Whisper

Boy George

You bet that I cannot resist it
When you move inside my life
Touching souls, I feel restricted
And I know that it's not wise I can tell so much is changing
But I'm blinded by desire
Won't some God come down from heaven
An' set me, set me on fire? Walkin' alone in the whisper of night time
Walkin' alone, no comfort in sight
Walkin' alone in the whisper of night time
Too afraid an' much too uptight When you say that it's forever
I believe it every time
But out of reach, that ain't together
I need someone to be mine I'm just shoutin' at the devil
An' my kind of love is greed
But don't show too much affection
Cause I'm willin', yeah, I'm willin' to let you bleed Walkin' alone in the whisper of night time
Walkin' alone, no comfort in sight
Walkin' alone in the whisper of night time
Too afraid to put up a fight Don't believe that you're invincible, no way
There'll be others just like you
An' you know that love won't save you
'Cause those kind of feelings, you know they never do, never do Walkin' alone in the whisper of night time
Walkin' alone, no comfort in sight
Walkin' alone in the whisper of night time
Too afraid, I'm much too upsung I'm just walkin' alone
You know I'm just walkin' I'm just shoutin' at the devil, at the devil
An' my kind of love is greed
Don't you show too much affection, don't you show it
'Cause I'm willin', I'm willin' to let you bleed Walkin' alone in the whisper of night time
Walkin' alone, no comfort in sight
Walkin' alone in the whisper of night time
I'm too afraid to put up a fight Walkin' alone in the whisper of night time
I'm not lonely, I'm not afraid
Walkin' alone in the whisper of night time
Walkin' alone Walkin' alone in the whisper of night time
Walkin' alone
Walkin' alone in the whisper of night time
Walkin' alone
