

# Say Yeah

## Wiz Khalifa

It's say yeah

One night in town, my niggas 'round

Throwin money, them bitches hit the ground

Then bring it back up, she bring him back up

Put 'em in that black truck, so many hoes they lapped up My niggas leanin, diddy boppin

Let's get it poppin, I said let's get it poppin

Just look at how she drop it, lil mama a certified pro

She need her own show, slide on down that pole and grind slow Hell no, I ain't countin my dough, I came to  
blow it all

And get some brains trynna find miss know it all

And I got my cup filled you see how them bucks peel

Young pimp see how grab me up a chick and just chill In the back of the club with a stack full a dubs

Drop it low like a pro, bring it back, that's what's up

All my dogs up in here, plus there's hoes everywhere

Niggas stunt like you don't care, throw that money in the air and say yeah
