

# The Tower

## Voivod

He is anarkCan you hear the sound  
Of the phantom bell  
People gather around  
Burn in his half-world hellProto-overman  
User of the dead hand  
To the tower  
To the towerScreams that calm the wind  
Hear the black birds shriek  
Death is your last breath  
We have one enemyProto-overman  
User of the dead hand  
To the tower  
To the towerHe is anarkDark dance, break of dusk  
Cold wind, time to kill  
Eyes closed, see his blood  
Fear not tomorrow willProto-overman  
User of the dead hand  
To the tower  
To the tower
