

# Everytime I Look for You

## blink-182

Never found out why you left him  
But this answer begs that question  
Too blind to see tomorrow  
To broke to beg or borrow  
Young and stupid  
Left wide open  
Hearts are wasted  
Lives are broken One more point of contention  
I need some intervention  
Approach with fake intentions  
Betray my short attention  
Span the distance  
Bridge the border  
Beg forgiveness  
Round the corner Everytime I look for you  
The sun goes down  
And I stumble when this  
Whole thing runs aground  
I left another message  
You are never around  
But everytime I look for you  
The sun goes down once more  
Will the last one out  
Please shut the door More time apart will give you  
A few more months to argue  
Is this too much to live through?  
It always seem too far to  
Drive the point home  
Send more letters  
Pray tomorrow  
Ends up better Every time I look for you  
The sun goes down  
And I stumble when this  
Whole thing runs aground  
I left another message  
You are never around  
But every time I look for you  
The sun goes down once more  
Will the last one out

Please shut the door I never did do anything  
That she asked  
I never let what happened stay  
In the past  
I never did quite understand  
What she meant  
In spite of everything  
In spite of everything Every time I look for you  
The sun goes down  
And I stumble when this  
Whole thing runs aground  
I left another message  
You are never around  
But every time I look for you  
The sun goes down And I stumble when this  
Whole thing runs aground  
I left another message  
You are never around  
But every time I look for you  
The sun goes down
