Get up on your feet
Before the night is through for you want miss
Get down to the beat
Pump it, stomp it, jam, trip on thisGet the party started
Get it on, get a move on, kids
Rock to the beat
Pump it, stomp it, jam, trip on thisGet up, get up, get busy, do it
Get up and move that body
Get up, people now, get down to it before the night is over
Get up, get up, get busy, do it
I wanna see you party
Get up people now, get down to it before the night is overGet down
Get up
Get down
Get upOne, two, I'll party you
Three, four, so get your butt on the floor
Five, six, know you dig the mix
Seven, eight, let it shakeGet down
We got to take a stand
Now that we're in demand
Party all night, cut the fightDo what's right and you just might
Win a battle you never fought
Just by checkin' this record you bought
Over and on and on again
Get with it and do that thingGet up, get up, get busy, do it
Get up and move that body
Get up people now, get down to it before the night is over
Get up, get up, get busy do it
I wanna see you party
Get up people now, get down to it before the night is over
