

Street Lights (Mr. Vega Remix)

Kanye West

Let me know, do I still got time to grow
Things ain't always set in stone
With that being, let me know
Let me
Seems like streetlights glowingHappened to be just like moments
Passing, in front of me so
I hopped in, the cab and
I paid my fair, see
I know my destination
But I'm just not there
All the streetlights glowing
Happened to be just like moments
Passing, in front of me so
I hopped in, the cab and
I paid my fair, see
I know my, destination
But I'm just not there in the streets
In the streets
I'm just not there in the streets
I'm just no thereLife's just not fairSeems like streetlights glowing
Happened to be just like moments
Passing, in front of me so
I hopped in, the cab and
I paid my fair, see
I know my, destination
But I'm just not there
All the streetlights glowing
Happened to be just like moments
Passing, in front of me so
I hopped in, the cab andI paid my fair, see
I know my, destinationBut I'm just not there in the streets
In the streets
I'm just not there in the streetsI'm just no there
Life's just not fair
Seems like streetlights glowing
Happened to be just like moments
Passing, in front of me so
I hopped in, the cab and
I paid my fair, see

I know my, destination
But I'm just not there
All the streetlights glowing
Happened to be just like moments
Passing, in front of me so
I hopped in, the cab and
I paid my fair, see
I know my, destination
But I'm just not there
All the streetlights glowing
Happened to be just like moments
Passing, in front of me so
I hopped in, the cab and
I paid my fair, see
I know my, destination
But I'm just not there in the streets
In the streets
I'm just not there in the streets
I'm just no there
Life's just not fair
Life's just not fair
