Call Your Name

Gateway Worship

My Friend my King
You see the waves surrounding me
I fix my eyes upon You
And though my sorrows roll
Like thunder through my soul
I set my heart upon YouI call Your name I believe
That You hear me You're near me
Sorrows fly shadows flee
At Your coming You can do anything
When I call Your nameAnd come what may
I know Your blood will make a way
I'll throw my arms around YouJesus JesusWhen I call Your name
