

# Reprisal

## Dew-Scented

No remorse, no tolerance  
I felt you spit on my back  
The time has come to take revenge  
And put an end to this fraudI can take no more excuses  
I saw you lie in my face  
I'm here to get you a rightful payback  
Full-on reprisal at lastWatch out  
I show no mercy  
I just reject this pain  
I won't step back no more  
ReprisalHere it comes  
ReprisalI feed on anger  
No more regrets  
Get your shit out of my fuckin' wayI feel the rage  
The taste of fist  
Here it comes my violent reprisalWatch out  
I show no mercy  
I just reject this pain  
I won't step back no more  
There is no hiding  
Reprisal  
I bet you won't forget this
