

Who's Got the Fire

Corrosion of Conformity

Oh, say man, are you still alive?
'Cause I heard your ship was sinkin'
Back in town, but your soul ain't down
Man, I know the feelin', I'm talkin' 'bout it Who's got the fire?
Who's got the fire?
Who's got the fire?
Leave it for the love, try to call me a liar Hey you, Mr. Highball
Too young to walk, to old to crawl
Quittin' time, but is your soul better?
Never mind, never mind, I'm talkin' 'bout it Who's got the fire?
Who's got the fire? Yeah
Who's got the fire?
Leave it for the love, put me out Oh, To' up, from the Flo' up
I said stop, wait a minute now Hold up
Heat come around to hunt you down
What it is, what it is? I'm talkin' 'bout it Who's got the fire?
Who's got the fire? Yeah
Who's got the fire?
Who's got the fire? Got it Who's got the fire?
Who's got the fire?
Who's got the fire?
Leave it for the love, put me out
