Vainglorious

Heart

Hey, rock it up, baby, get ready to fight
Get ready to light up the whole damn night
Jupiter's darling standing in the ring
You got yourself set on being king of kings
Slowly like a drop of tupelo honey
Rolling on down some little girl's money
Here he comes
(Vainglorious)
First serve, first come
(Vainglorious)
Dig me now, dig me now
Avoid the rush
Vainglorious
Offer up all of that devil delight
Keep the camera on the money in the big spotlight
All the other kids think you're so extreme
You don't want the sugar but you'll take the cream
Bundle up, baby said the fortune teller
'Cause vanity, man, is gonna bring some big weather
Here he comes
(Vainglorious)

First serve, first come
(Vainglorious)
Dig me now, dig me now
Avoid the rush
Vainglorious
Hey, you know [Incomprehensible]
Yeah
Oh, here he comes
Here he comes
(Vainglorious)
First serve, first come
(Vainglorious)
Dig me now, dig me now
Avoid the rush
Here he comes
(Vainglorious)
First serve, first come

(Vainglorious)
Dig me now, dig me now
Avoid the rush
Vainglorious, yeah
