Nothing In This World

Keke Wyatt

On and on
Ahh ah oo, ah ah aha ah
Oh, ooo
Yeah, yeah
I can picture us in the living room
By the mantle piece
And your telling me your loving me
With ya hands on my thighs
While I'm staring in your brown eyes
And thee expression on your face
Is tellin me you want my bettah taste
So tonight were going all the way
We'll be loving till the break of day
There's nothing in this world
I wouldn't do for you boy
I don't care what the others say
Now that I got you, babe
No one can bring me joy like you girl
All the little things you do
It's all about you boo
(It's all about you boo)
I can picture us running in the rain
After a movie then we spark a flame
Oh, love it when you scream my name
Going 60 in a 30 lane
We pull over to the parking lot
In the park that's my favorite spot
Doing just about anything
We'll be going till the birds sing
There's nothing in this world

I wouldn't do for you boy
I don't care what the others say
Now that I got you, babe
No one can bring me joy like you girl
All the little things you do
It's all about you boo
I think it's bout time that I make you mine
So what you saying to me boy come on break it down

To find another like you would be a life time
I think I see the way you going baby let it out let it out
Listen to me baby got something to say
Is it really what i think baby don't take all day
Forever is what I wanna give to you
So what do you say, baby I do
There's nothing in this world
I wouldn't do for you boy
I don't care what the others say
Now that I got you, babe
No one can bring me joy like you girl
All the little things you do
It's all about you boo
There's nothing in this world
I wouldn't do for you boy
I don't care what the others say
Now that I got you, babe
No one can bring me joy like you girl
All the little things you do
It's all about you boo
