

# Sacred

## Xavier Rudd & The United Nations

And I believe we are one and we are sacred  
And I believe we are one and we are sacred  
And I believe we are one and we are sacred I will hold you close  
I will hold you close We pray to creator for the path we seek  
Extend a hand to the tired and the weak  
Why are we so divided? We pray to creator for the path we seek  
Extend a hand to the tired and the weak  
Why are we so divided? Grandmother pull us out  
Grandmother can you tell me how we have been so mistaken  
And I believe we are one and we are sacred  
And I believe we are one and we are sacred  
Yes I believe we are one and we are sacred  
And I will hold you close  
And I will hold you close
