

I Just Can't Fall In Love

[Bill Ricchini](#)

You are to blame
Before I always felt the same
Is it gonna hurt
I've never felt those fireworks
Is this a mistake
Or will this thing take
I don't know
But we can see

Chorus:

I saw a cloud up in the blue sky
But this is something I can't deny
And know I'm thinking I just might try
Won't make a difference cuz I just can't fall in love
But there's a crackin' in my armor
And I can't stop thinkin' about her
Oh man I shouldn't even bother
Won't make a difference cuz I just can't fall in love

Does she exist
Oh those lips I can't resist
No false alarms
I want to be in her arms
Oh run for your sake
Avoid the heartbreak
Turn around
And you'll be free

Chorus:

I saw a cloud up in the blue sky
But this is something I can't deny
And know I'm thinking I just might try
Won't make a difference cuz I just can't fall in love
But there's a crackin' in my armor
And I can't stop thinkin' about her
Oh man I shouldn't even bother
Won't make a difference cuz I just can't fall in love
