

Now It's The Time

Rollergirl

Everyday
You keep on working
All your live
You are been waiting
For a time
Get your dreams alive

The moment
Of your fantasy
When everybody
Want's to be-yeah
Hey,your dreams come true

Now it's the time
When all your dreams are coming true
Now it's the time
When things are changing your hole live
Now it's the time
To live your dream
Now it's the time
To be supreme

Everyday
You keep on working
All your live
You are been waiting
For a time
Get your dreams alive

The moment
Of your fantasy
When everybody
Want's to be-yeah
Hey,your dreams come true

This is the moment
Of your fantasy
Hey baby,this is your time
