Forth Into The Black

Thunderstone

He 's always walking in the shadows of your minds
He 's never talking...
Silence betrays, a smile on his faceNever there, never here, never feel any fear
But he 's always everywhere
Never give, never take, never lave nor forsake
Sometimes our life ain 't so fairClose your eyes, he 's near yet too far
Be strong and be what you really areForth into the black
You can hear him calling your name
Forth into the black
You can feel it, like thunder and rainEmbrace your life, take care of your soul
This time you 'll be alone
He 's waiting your turn, expecting you to never learn
This is the game we all are going to loseNow hold on, this is your call
don 't let it go or you 'll fallAnd when the time has come, he 'll be here for you
You better not run, 'cause you will never come back
You 're going forth into the black
