

# (Forgive Me) My Little Flower Princess

[John Lennon](#)

Forgive me, my little flower princess  
For crushing your delicateness  
Forgive me, if you could forgive me  
Forgive me, my little flower princess  
For selfishness  
Forgive me, forgive me  
Well, I know there is no way to repay you  
Whatever it takes I will try to  
The rest of my life I will thank you  
Thank you, thank you, my little  
If you'll forgive me, my little flower princess  
Never too late unless you can't forgive  
Time is on our side  
Let's not waste another minute  
'Cause I love you, my little friend  
I really love you  
Give me just one more chance  
And I'll show you  
Take up the dance where we left off  
The rest of our life is the, my little  
I'm home
