

# Rock Fever

## Rainbow

Lookin' like little miss lonely  
Standin' in her ruby red shoes  
Tellin' me she loves me only  
Even if it ain't true...

Ooh you...drippin' with desire  
Skin tight, dynamite  
Fever takes me higher  
Lemme see ya rock  
Lemme see ya roll  
Lemme see ya burn  
rock fever...

Lemme see ya rock  
Lemme see ya roll  
Lemme see ya burn  
rock fever...

Yeah, gonna give it to you tonight (rock fever)

I can feel your blood run hot  
Burnin' with a fire

Gimme everything you got  
Right down to the wire

Ooh - temperature is risin'  
Ain't no use I'm breakin' loose

I ain't gonna fight it  
Lemme see ya rock  
Lemme see ya roll  
Lemme see ya burn  
rock fever...

Lemme see ya rock  
Lemme see ya roll  
Lemme see ya burn  
rock fever...

Yeah, gonna give it to you tonight (rock fever)

Come on, let me give you a shot...

44 calibre rock and roll

Fever deep inside her  
hits me straight between the eyes

When she opens fire...

Ooh...you

Dripping with desire

Skin tight, you're dynamite

I can't get much higher

Lemme see ya rock

Lemme see ya roll

Lemme see ya burn

rock fever...

Lemme see ya rock

Lemme see ya roll

Lemme see ya burn

rock fever...

Yeah, gonna give it to you tonight (rock fever)

Lemme see ya rock

Lemme see ya roll

Lemme see ya burn

rock fever...

Lemme see ya rock

Lemme see ya roll

Lemme see ya burn

rock fever...
