Everyday

112

Everyday, yah
Oh Oh, everyday
This is the real right here
Things ain't always what they seem
Check it
People look at us and say, "Man, they got it made
They signed a record deal and now them boys is paid"
But they don?t know what comes along with it
With all the fame and the fortune there?s still bull
'Cause even though we struggled hard
And gave up everything just to make it this far
Some people love us, and other people hate us
But we gonna take the haters make them our motivators
'Cause they don?t know what we?ve been through
And none of them could ever walk a mile in our shoes
Man, I got to keep it real
Every record deal ain't a good record deal
But I?m a grown man so I didn?t cry about it
Kept my head up, stayed strong
Until I got up out that contract
And I reminisce on what my lawyer use to say
But I wanted it so bad
I guess I had to learn the hard way
(Everyday)
Yeah, the pressures of this game got us goin' insane
(Oh oh, everyday)
Yeah, if it ain't one damn thing, it?s another thing
(Everyday)
The pressures of this game got us goin' insane
(Oh oh, everyday)
If it ain't one damn thing, it?s another thing
People wanna know what?s goin' on with 112
If they leave, if they leave
Are their records goin' to sell?
They say that he gave us the hits
Knowin' damn well that we write our own
It?s not that I?m mad about it
But I gotta clear it up for those wonderin' about it
I think you need to read the credits

Open up the CD dog and read the credits
'Cause things ain't always what they seem
So don?t believe everything you see on T.V
In the videos, I was in a Bentley
And that Bentley in it, belonged, to me
My earrings had to be at least 5 karats
I had to live up to that superstar status
Stayed on the road, had to stay doin' shows
Even though I?m goin' broke
I couldn?t let nobody know
(Everyday)
Yeah, the pressures of this game got us goin' insane
(Oh oh, everyday)
Yeah, If it ain't one damn thing, it?s another thing
(Everyday)
The pressures of this game got us goin' insane
(Oh oh, everyday)
If it ain't one damn thing, it?s another thing
People look at us and say, "How does it feel
On a new label with a multi million dollar deal"
I?m just glad we stayed together
We put our faith in the Lord and He made things better
'Cause He said it in His word that one day you're gonna get
What ya?ll deserve, wow
Now aren?t ya glad we stayed together
Through the good and the bad times
We stayed together
Through the rich and the broke times
Through stormy weather
And hey, now we look back like
Don?t you remember when you couldn?t afford that boy
Hey, sunroof top
Chillin' by sea with a down south female
Like hey, how ya love that
Twenty four inch rims big body Cadillac
And hey, we do it like that
(Everyday)
The pressures of this game got us goin' insane
(Oh oh, everyday)
Yeah, if it ain't one damn thing, it?s another thing
(Everyday)
The pressures of this game got us goin' insane
(Oh oh, everyday)
If it ain't one damn thing, it?s another thing
Oh, ninety six to two thousand three

112 still keepin' together
True friends all around the world
Our music gonna last forever
From ninety six to two thousand three
112 still keepin' together
All we need is true friends all around the world
Our music gonna last forever
From ninety six to two thousand three
112 still keepin' together
All we need is true friends all around the world
Our music gonna last forever
From ninety six to two thousand three
112 still keepin' together
All we need is true friends all around the world
Our music gonna last forever
From ninety six to two thousand three
112 still keepin' together
All we need is true friends all around the world
Our music gonna last forever
From ninety six to two thousand three
112 still keepin' together
All we need is true friends all around the world
Our music gonna last forever
