I Wonder

Ozma

hold on before you break me
give me one more chance
maybe i don't deserve it
but give me one more chance
to prove my to love you
you can exist in a world without being a part of the world
and somehow that's comforting when you're not where you want to be
but time it is a living thing

i wonder what today will bring
i wonder what the stars will have in store for us
if you hold on before you wake me
let me dream a dream
as unlikely as it seems
you can exist in a world without being a part of the world
and somehow that's comforting when you're not where you want to be
but faith, it is a knowing thing
relinquish all control of things
and submit yourself to loving in the highest light
