You Are

Cymbals

You are the sign designed
I feel wary, lonely, you are within
I won't forget
You are your damned self
But it's the end of another ave
You make me say you are the ever one
I want to go where we cannot be found
You are without other (???)
I don't need to hear you, agreed
I won't forget
You are your damned self
But it's the end of another ave
You make me say you are the ever one
I want to go where we cannot be found
Like our road has come to an end
We are not the same
We can tell all the differences
I love you always massacring me
Taking time with your everything
Drinking coffee in the doorway
