Kill All The White Man

Crank Soundtrack

The white man call himself civilized
Cause he know how to take over
The white man come to pillage my village
Now he tell me I have to bend over
Oh yeah, kill all the white man
No I don't like the white man up in me

He rape my people as he rape my country
Everything I love and cherish, he try to take away
We will be rid of him, soon come the day
Oh yeah, kill all the white man
Oh yeah, kill all the white man
Oh yeah, kill all the white man
Oh yeah, kill all the white man
