

I Hate Love

Big Engine

Take what you want
Cause I've been lied to, cheated on, knocked down and kicked in the head
I think I'll get drunk
Cause there's no reason to stick around, feeling down lying in bed
You use to say I was your one and only
That we fit, fit like a glove
Now you're goin' and want to leave me lonely
(You're the reason)
I hate love
You're the reason
You're the reason I hate love
You're pissin' me off
Cause there's no words to break through, get you to give in to me
You're stressing me out
Cause I've been so confused, self abused, crazy's what you want me to be
