

# Mercenary Man (feat. Brian Johnson)

## Geordie

Mercenary Man.

-----(\*) Give him a gun and he'll fight your battles  
Give him the money and he'll fight the world  
He doesn't think twice about you or me  
And one or two more and he'll kill for three

(+) Mercenary man  
You better get it while you can  
'Cause you ain't necessary, mercenary man  
Mercenary man, mercenary man  
You better get it while you can  
'Cause you ain't necessary, mercenary man

With your motor cars and color TV's  
You earn your living without a degree  
With money in your pockets and love in your hand  
And what do you do about the tax man

(+) Repeat

(\*) Repeat

Mercenary man  
You better get it while you can
