## Steppenwolf

JADED STRUMPET(4:40)"You know I got a thing for women."

"They all need, and know their demon."

"Diamonds are secrets, don't them on your ass.""I got a high strutting loser."

"She's clean, and always choosing."

"She got her way to the head of the gays."(CHORUS):"And they call her Jaded Strumpet."

"You know that girl shows who's trumpet."

"Got a hootchie cootchie broad now."

"You know that she shows you there."(END CHORUS):

"What she wants is the world's permission."

"She pleased her needs, and death pision."

"What the word is what that she might say."
