Girl And The Sea (Goodwill Edit)

The Presets

Tonight the
Tonight the hills are watching her as she runs towards the sea.
Yeah, she runs so she'll be free.
And of all the friends and enemies she's made along the way,
They are nowhere in her thoughts as she dives beneath the waves.And he's the one that you've seen sometimes on TV,
And his shirt is on the ground while he's tackled by police.
And the parcel that he throws across the bridge into the creek,
It'll flow towards the sea, it will meet with her tomorrow.No place, sometime.
We'll clear our eyes.
And when, you're down,
I'll come around.And all, the places that she's been along the way.
Flames are licking at their walls. Night glows with their remains.
From far away the animals come gather round to see.
But she knows not how they feel and she knows not what it means.When she was young we'd ask her what she'd like to be.
And she'd close her eyes and dream
Now we're nowhere in her thoughts as she dives beneath the waves.No place, sometime.
We'll clear our eyes.
And when, you're down,
I'll come around.Her place, I've found,
Could be, all ours.
I've seen, where you,
Would rather be.
