To Be with You

David Archuleta

I've been alone so many nights now
And I've been waiting for the stars to fall
I keep holding out, for what, I don't know
To be with you, just to be with youSo here I am, staring at the moon tonight
Wondering how you look in this light
Maybe you're somewhere thinking about me too
To be with you, there's nothing I wouldn't doAnd I can't imagine two worlds spinning apart
Come together eventuallyAnd when we finally meet, I'll know it's right
I'll be at the end of my restless road
But this journey, it was worth the fight
To be with youJust to be holding you for the very first time
Never letting go
What I wouldn't give to feel that wayOh, to be with you
And I can't imagine two worlds spinning apart
Come together eventuallyAnd when you're standing here in front of me
That's when I know that God does exist
'Cause He will have answered every single prayer
To be with you, just to be with you, yeah
You, ooh
