

Red Eyes And Tears

Black Rebel Motorcycle Club

Red eyes and tears no more for you my love I fear

Red eyes and tears no more for you my love I fear

No more fear, no more fear I'm in love

Losing sensation for you my love I fear

Losing sensation for you my love I fear

No more fear, no more fear I'm in love

Love love

I'm in love

Losing the reasons to breathe I never lived

I'm losing the reasons to breathe I never lived

Never lived, never lived I'm in love

These are my reasons the truth is never filled

These are my reasons the truth is never filled

I'm never filled, never filled I'm in love

Love, love

I'm in love

Red eyes and tears no more for you my love I kill

Red eyes and tears no more for you my love I kill

Red eyes and tears, red eyes and tears

Red eyes and tears no more for you my love I kill

No more kill, no more kill I'm in love

Love, love

I'm in love
