Scandalous

Head Automatica

You ain't loved me right for a while
For your hand and word I'd crawl a mile
For all that I know
For all that I know
For all that I know
You're still scandalous
You're so scandalous
You're so scandalous
You're so scandalous
I just can't handle it
You ain't loved me right for a while
For all that I know
For all that I know
For all that I know
You're still scandalous
You're so scandalous
You're so scandalous
You're so scandalous
I just can't handle it
You're so scandalous
You're so scandalous
You're so scandalous
I just can't handle it
Grin and bear it, I'll wear it
My crown of thorns
They better be pointed
They gotta be pointed
No mercy, no mercy
My crown of thorns
I gotta be hated
I gotta be hated
You're so scandalous
You're so scandalous
You're so scandalous
I just can't handle it
You're so scandalous
You're so scandalous
You're so scandalous
I just can't handle it
