

Scandalous

Head Automatica

You ain't loved me right for a while
For your hand and word I'd crawl a mile

For all that I know

For all that I know

For all that I know

You're still scandalous

You're so scandalous

You're so scandalous

You're so scandalous

I just can't handle it

You ain't loved me right for a while

For all that I know

For all that I know

For all that I know

You're still scandalous

You're so scandalous

You're so scandalous

You're so scandalous

I just can't handle it

You're so scandalous

You're so scandalous

You're so scandalous

I just can't handle it

Grin and bear it, I'll wear it

My crown of thorns

They better be pointed

They gotta be pointed

No mercy, no mercy

My crown of thorns

I gotta be hated

I gotta be hated

You're so scandalous

You're so scandalous

You're so scandalous

I just can't handle it

You're so scandalous

You're so scandalous

You're so scandalous

I just can't handle it
