Montreal Calling (NHL'07 Soundtrack)

Mobile

Let it come down let it come down
Let it come down let it come down
I am thinking out loud,thinking out loud
Give me your carYou're alone and you stand there
On the phone, cryin' my name
You're alone desolation
Broken heart
Won't you let it calm downTake me take me get me out of here
Come down please come help me out
Take me take me get me out of here
Come down please come help me outLet it come down let it come down
Let it come down let it come down
I am thinking out loud,thinking out loud
Give me your carI am alone drivin' out here
Comin' home loosin' my head
On the road but I am not there
Montreal won't you let it calm downTake me take me get me out of here
Come down please come help me outTake me take me get me out of here
Come down please come help me out
Won't you let it come down let it come downOoohh that's how the story goes
It's been a long way home
Don't wanna loose you my love
My love,my love
Take me take me take me take me outTake me take me get me out of here
Come down please come help me out
Take me take me get me out of here
Come down please come help me outTake me take me get me out of here
(Won't you let it come down)
Come down please come help me out
(Won't you help me out)Take me take me get me out of here
Come down please come help me out
