Guardian Angel

Project Theory

(VERSE 1)
Fine, let's kill the tension
Sometimes it's fine to cry but sometimes not so,
Try to reach elation,
I am the only one that...
(I can help you to find your own way
Wrong Way... So...)(CHORUS)
Save me I'm falling
(I don't know where to stare, I don't know where to stand.
Everything is ruined, I'm beginning from the start)
Stranger I'm crawling
(Back to the days I remember myself)
God forgive what I've become(VERSE 2)
Clear your way from others
You need no one so start saying goodbye
And hear the voice inside you,
I am the only one that...
(I can help you to find your own way
Wrong Way... So...)(CHORUS)
Save me I'm falling
(I don't know where to stare, I don't know where to stand.
Everything is ruined, I'm beginning from the start)
Stranger I'm crawling
(Back to the days I remember myself)
God forgive what I've become(BRIDGE)
Someone take the pain away (before I fade away)
Someone save myself from me (cause I'm killing him) (x2)Stay back you don't even scare me anymore,
Keep that to yourself while you see me falling
Stay back you don't even scare me anymore,
Keep that to yourself while you see me crawlingSave me I'm falling...
Stranger I'm crawling...
God forgive what I've become...(CHORUS)
Save me I'm falling
(I don't know where to stare, I don't know where to stand.
Everything is ruined, I'm beginning from the start)
Stranger I'm crawling
(Back to the days I remember myself)
God forgive what I've becomeJustify all my sins, while I'm looking for some help (x4)
