Robyn Hitchcock

Can't take my eyes off you
I can't take my eyes off you
Nothing lasts forever, no love can be true
I can't take my eyes off you I'm talking to myself
As if I were someone else
I'm not listening, you know I never do
I can't take my eyes off you Fillmore and Haight and Fell
I know the streets so well
Geary, Hayes, O'Farrell, Polk and Larkin too
I can't take my eyes off you I can't take my eyes off you
I can't take my eyes off you
Who are we staking out
Watching out for someone but you don't know who
I can't take my eyes off you
I can't take my eyes off you
