I'm A Chicken Head (skit)

Cam'ron

And you're right, I'll be a chicken 'cuz you're a cat
So I'll do like dogs do bark and get my buddy passes
Blah bla blah
Sayin' hello and then hung up the fuckin' phone
Then when I called back you wasn't pickin' up the fuckin' phone
I don't understand why
What are you sayin'? You said you wasn't gonna call me any more
So why are you callin' me?
And so what you say a lot things but you don't do it
You want to get technical
Why are you callin' me?
I'll call you when I feel like it change your number
I'll be a chicken so I'ma act like a chicken
Quack, quack, quack or whatever the fuckin' sounds they make
That's a duck, what you wanna be, a duck or a chicken?
Nigga, I wanna punch you right in your eye
I wanna punch you right in your fuckin' nose
'Cuz that's how you got me feelin' right not
Man, listen
No, don't tell me to fuckin' listen you, listen where you at
I'm at the studio
Where on 24th I will go to every fuckin' studio and find your ass, iight
