

# Find Me Out On A Mountain Top

## Blue Highway

Find me out on a mountaintop  
where the cool breezes blow through the pines

Find me out on a mountaintop  
I'm leavin' this old world behind

Fifteen miles from the nearest town  
that's where I'll take my rest  
I'm leavin' behind my troubled mind  
and the girl I loved the best

A country boy in a city world  
will never find a home  
Like a mourning dove on a high rooftop  
He's better left all alone
