She Hums Like a Radio

Keepsake

Hello, my love.
Wasn't this trip quite fun? I think so.
Just like you. So very cute and appealing.
Will you come to England with me? We can see Belle and Sebastian!
A boy and his dog. Sound familiar?
I guess I must wait until you come and visit.
I can't wait!(chorus)
To look for bees, climb our trees
And carve our names in three inches deep.
Dance naked to jazz, eat pounds of cake,
And sing at the top of our lungs, how fun.Simple pleasures are the best.
As is your Beauty.
I will always be there for you.
My star, but I'm so far.(chorus)
