Ride The Black Wave

The Donkeys

Drop me off on the bottom of the ocean leave me here I got my potion, under water vulture creature don't you eat my amphibious teacher, starfish rapped around my face, I have retained vision in my taste.Just ride the black waveRide the black waveConstibal is the place to be sundown here don't shine it steals
I've been up and I've been down I was lost when I was found.
lay me down upon your weeds cause sundown
here don't shine in weeks.Just ride the black waveRide the black waveJust ride the black waveRide the black wave
Just ride the black
wave
Ride the black wave.
