# Boombox

## Aphrodelics

Take flight, we about to go high
Strobe lights, its a quarter after midnight
Your eyes undress me as I walk by
Tonight your about to get the greenlight
Go, go, go, go, go
And you wont be hearing
No, no, no, no, no
Cause your bodys calling me out to the floor
So dont mess with the station
Here is my translation
I'll be your boombox baby
Ohh ahh ohh baby
Let me in turn me up
I'll float in get it loud
I'll be your boombox baby
Ohh ahh ohh baby
Let me in turn me up
Get me loud I'll be your boombox baby baby baby
Your boombox baby baby baby baby baby
Your boombox baby baby baby baby baby
Your boombox baby baby baby baby baby
What you like?
Bet ya I can read your mind
First sign tonight your gunna be mine
Feel the heat rising we intertwine
It feels right
You know what to do now

Go, go, go, go, go
And you wont be hearing
No, no, no, no, no
Cause your bodys calling me out to the floor
So dont mess with the station
Here is my translation
Strobe lights never seemed so bright
Right now you got me hypnotized
Play it one more time then rewind over and over
Take flight, we about to go high
Your eyes undress me as I walk by

I'll be your boombox baby
Ohh ahh ohh baby
Let me in turn me up
I'll float in get it loud
I'll be your boombox baby
Ohh ahh ohh baby
Let me in turn me up
Get me loud I'll be your boombox
Baby baby
Your boombox
Let me in turn me up
I'll float in get it loud
Let me in turn me up
Get me loud I'll be your boombox
