

Porn

Robin Williams

You're young and beautiful some would call you a slut.

All you can give is a paper cut your porn.

You're hot and its dry and the dust devil spins on the plan.

You're a cloud that floats by you're a dark cloud giving no rain you're porn. She's young and beautiful some would call you a tart.

She's lying when she says its fine art you're porn.

Dear friend you can see it all but you got nothing.

Believe me when I say she's a poison spring she's porn.
