

Tears of Love's Recall

[k.d. lang](#)

Love
Thing of might and dread
Stays the saviour and poison to all
Of heart and headLove
Force of death and birth
Still lies naked when next to the truth
So spins the earthThe tears of love's recall
Like blood to chocolate fall(And) love
The common salt of thirst
Runs like water and cuts through the lives
Of blessed and cursedThe tears of love's recall
Like blood to chocolate fallThe tears of love's recall
Like blood to chocolate fall
