

# Impossible (Featuring Trevor McNevan)

## Manafest

Crying and hiding this feeling  
Running and fighting for freedom This is the last time, I'll cry lullabies  
All night can't sleep I hear the floors creek  
I feel shadows in my room  
My friends find another bruise  
I'm a end up on the news  
I just don't know what to do  
God I'm calling you  
Send an angel send two  
I want a move but I'm trapped in the outer room  
I know you hear me clearly I'm weary  
Come and fill me with your power heal me [Chorus]  
It seems impossible for me to let this go  
Feel like an animal, I'm ready to lose control  
Take everything you need, take every part of me  
Take every part of me give me some room to breathe  
Chorus:  
I got to get away  
Got a break away  
Save me  
Got to find away  
Got to break the chains  
Take me  
Before I lose control  
Before I lose control  
It seems impossible  
It's not impossible I'm tired so tired of walking through this fire  
If you want to find me I'll be here in my room  
I'm thinking your drinking,  
Need to get out before you start swinging  
Wish I could show you all the pain inside me It seems impossible  
Crying and hiding this feeling  
Running and hiding from freedom  
For me to loose control  
Crying and hiding this feeling  
Running and hiding from freedom I'm so tired a walking this line through the fire  
If you want to find me I'm in my room retired  
Hiding this feeling I'm thinking your drinking  
Sinking deep ducking under your swinging, out a commission

Living cold day's hallways filled with the mistakes  
Wish I could show you all the pain inside it's caused me  
It used to be a house, a home now it's neither yo  
So I'm leaving with the cross strapped to my soul
