Eric Carmen

Get my guitar
Get the car I'm gonna take a little strip out of town
Gotta go do a show
Rock and roll until I'm upside down(I see the light)
I see the light, hear the crowd
Clappin' loud, they want the show to start
Oh, and now the stage is dark
Mmm, I can feel my heart, can't you feel your heart?Spotlight, lighting the stage
I gotta go a little crazy tonight
Spotlight, take me away
I'm gonna rock till I feel alrightHere it comes
Feel the drums pound the rhythm of a jungle beat
And all around
Hear the sounds that go up and down the city street(Play that guitar)
Play that guitar, play it hard
Open up and let it move your soul
Oh, I'm goin' out of control
I'm goin' out of control, can't you feel it grow?Spotlight, lighting the stage
I gotta go a little crazy tonight
Spotlight, take me away
I'm gonna rock till I feel alrightSpotlight, give me the heat
I'm gonna burn like a star in the sky
Spotlight, I'm gonna explode now
I'm ready to go, I'm ready to go
AlrightSpotlight, lighting the stage
I gotta go a little crazy tonight
Spotlight, take me away
I'm gonna rock till I feel alrightSpotlight, give me the heat
I wanna burn like a star in the sky
Spotlight, I wanna explode now
(Yeah)
I'm ready to go, I'm ready to go
Alright, alright, alright, alright(Give it to me)
Spotlight, feel the drums pound the rhythm of a jungle beat
Spotlight, can't you feel it, feel it, feel it, feel it?
