

# Take a Bow

## Get Scared

Hiding out in shadowed disguise  
In hopes to keep you alive  
Has come to be the only way I've known you  
Regenerate and revive just like a ghost in the night  
But I'll be damned if that's the fate I fall to  
No I think it's time we let this go  
Cause now I'm finding a way to replace all the hate  
You threw me away, now I'm left with your shame  
You left me to feel dead and thrown to the wolves  
Reflect and reveal how you shattered my soul  
If there was ever a time you had hope in your eyes  
Then believe me  
You're still a father of mine  
Take a look inside of my mind  
And see the hell you've designed  
Once filled with hatred and I can't feel a thing  
And now there's not a hope in sight  
Just open wounds you left behind  
Become another enemy and leave us rotting  
No I think it's time we let this go  
Cause now I'm finding a way to replace all the hate  
You threw me away now I'm left with your shame  
You left me to feel dead and thrown to the wolves  
Reflect and reveal how you shattered my soul  
If there was ever a time you had hope in your eyes  
Then believe me  
You're still a father of mine  
I'll finally forgive  
This doesn't mean that  
I won't forget all the regret again  
Again  
Finding a way to replace all the hate  
You threw me away now I'm left with your shame  
You left me to feel dead and thrown to the wolves  
Reflect and reveal how you shattered my soul  
If there was ever a time you had hope in your eyes  
Then believe me  
You're still a father of mine  
You're still a father of mine!
