Not Healthy

JD Natasha

Why do you like to make me cry?
Do you like to make me laugh?
And act like nothing's wrong at all
Why do you say you're gonna call?
Do nothing at all, make me sit by the, phone, phoneAll I ever wanted was to be your only one
All I ever get was heartache, tears and blood
All I ever do each night is cry myself to sleep
I always cry myself to sleep, I always cry myself to sleep
Yeah that's not healthyWhy did you leave alone?
Make me think it's over
That all the crap is gone?
Why do I try so hard to fulfill your needs
When all you ever do is trash me fucking trash me?And all I ever wanted was to be your only one
All I ever get was heartache, tears and blood
All I ever do each night is cry myself to sleep
I always cry myself to sleep, I always cry myself to sleep
Yeah that's not healthy
