Gravity

Hovig

No matter where you're going
No matter where you be
Wherever the wind is blowing
Let me be your gravityI can be your hero
I can be your fantasy
I can be the cure
Yeah
Let me be
Your remedyRight beside you
I'll never leave you
Let me be your heart and your company
I'll let you be the one who can lean on me
I'll catch you when you fall
When you're falling free
Let me be, be your gravityLet me be your wings
When you're flying high
I'm gonna raise you up till you touch the sky
I'll catch you when you fall
When you're falling free
Let me be, be your gravityTouch me, inseparably
Like gravityAs high as the highest mountain
As low as the deepest sea
Oh settle down just let me be your gravity
Let me be your heart and your company
I'll let you be the one who can lean on me
I'll catch you when you fall
When you're falling free
Let me be, be your gravityLet me be your wings
When you're flying high
I'm gonna raise you up till you touch the sky
I'll catch you when you fall
When you're falling free
Let me be, be your gravityTouch inseparably
It's all we'll ever be
You be gravityLet me be your heart and your company
I'll let you be the one who can lean on me
I'll catch you when you fall
When you're falling free
Let me be, be your gravityLet me be your wings

When you're flying high
I'm gonna raise you up till you touch the sky
I'll catch you when you fall
When you're falling free
Let me be, be your gravityI'll catch you when you fall
When you're falling free
Let me be, be your gravity
