

# Listen to a Country Song

[Lynn Anderson](#)

It's Saturday night and my daddy's up late pickin' with my uncle, Bill  
The neighbors don't mind 'cause they have a good time sippin'  
On my pappy's still old brother Ben got a fiddle in his hands and  
Mama's on the mandolin when the music is right and the  
Band is tight You wanna see 'em pick and grin, well everybody starts movin' to the  
Sound of the guitar strums, everybody starts groovin' to the beat  
Of the rhythm and drums so come on along get yourself really  
On rock to the music and fun sip that wine and have a really good  
Time and listen to a country song Old Sheriff Brown whenever comes around knockin' on a cold backdoor  
It's a matter of fact you can find him outback pickin' on his old banjo  
My brother Jack sneaks out from the back tryin' to get to sister Sue  
Watch him closin' on the ground about turnin' around she knows a  
Little jujitsu everybody starts movin' Everybody starts movin' just sip that wine and have a really  
Good time and listen to a country song
